

S. Sathya Narayanan, M.C.A., LL.M (IPR & Tech)., PGD-CLCF,

Partner at *M/s. VSM LEGAL*, a law firm based out of Coimbatore.

Practicing Advocate at *Madras High Court & District Court of Coimbatore*.

A Software Developer turned Advocate. His domain ranges from Windows Platforms, WP Development to that of Azure Services. As a social person, his socio-economic projects have been presented in many international conferences & has authored a book **“Cyber Crime – Things you should know before pressing the power button”** pressed by Garuda Publications. He represented India in **Innovate4Good** at Microsoft, Singapore in 2012. His social enterprise ‘Digital Literacy Program’ was seed funded by **Microsoft Citizenship**, USA and its contents are being widely used across the globe to impart computer knowledge to less privileged kids. He further represented Asia Pacific Region at Amazon, South America in early 2014.

By profession, Debt Recovery Tribunal, Alternate Dispute Resolution / Arbitrations, and Civil / Criminal Litigation are his daily chores, while on core he deals with Copyright Issues and content take-down and is an expert in removing contents from internet. He is a standing counsel for multiple Startups in and around Coimbatore on retainership. He further trains Law Enforcement Officers, professionals and academicians on Cyber Crime Investigation and use of Open-Source Intelligence in Cyber-crime Investigations. Apart from a Master’s degree in Computer Application, he holds a Master’s Degree in Law with specialisation in Intellectual Property Rights and Technology. He is currently pursuing his Ph.D – Post Doctoral Degree / SJD [Doctor of Juridical Science] at Golden Gate University, San Francisco, USA (bridged mode) with specialisation in Cyber Crime.

He has handled more than 450 workshops and hands-on-labs. He has trained multiple stake holders in Cyber Crime including Police personnel across the country on handling Cyber – Crime Investigations and dealing with Digital Evidence. He talks regularly about Technology, Cyber Law, and laws related to technology.
